To feed through power, signal, and data is the classical requirement in electrical engineering and panel building. The insulating material, the connection system and the design of the terminal blocks are the differentiating features. A feed-through terminal block is suitable for joining and/or connecting one or more conductors. They could have one or more connection levels that are on the same potential or insulated against one another.

General ordering data

Version	SAK Series, Feed-through terminal, Rated cross-section: 16 mm ² , Screw connection, beige
Order No.	0271060000
Type	SAK 16
GTIN (EAN)	4008190078324
Qty.	50 pc(s).
