Weidmüller is one of the industry's leading international providers of connectors. An important mainstay in this product family are the circular connectors, which Weidmüller groups under the product name SAI. In the development of SAI products, Weidmüller engineers have always concentrated on achieving rational, cost-effective installation concepts, and – in cooperation with major users – have supplied the markets with well-conceived products which set standards in terms of functionality and quality across the globe. The best examples are the new power distributors with S and T coded M12. These modules are characterised by particularly high currents and voltages. This enables them to also be used, for example, with three-phase motors.

General ordering data

Version	Built-in plugs, M8 pin, Mounting height: 9 mm
Order No.	2424520000
Type	SAIFG-M8S-M10-9
GTIN (EAN)	4050 11843225 1
Qty.	25 pc(s).

Technical data**Dimensions and weights**

Net weight 6.08 g

Technical data of PCB plug-in connector

Coding	none	Housing surface	nickel-plated
Housings	M8 pin	Mounting height	9 mm
Housing main material	CuZn	Connection thread	M8
Seal material	FPM, NBR		

General Info

Housing main material CuZn Connection thread M8

System parameters

Pin series quantity 1
