Cable Ties outside serrated for marking

• LR55-Series

Features and Benefits

The extended pawl allows for quick and simple release of the ties. Manufactured in various colours these cable ties are ideal for applications where colour coding is required. Additionally, the LR55 Series are outside serrated, minimising the risk of damage to cable insulation.

Application

These releasable and reusable ties are ideal where temporary installation or the addition or removal of cables is required, for example: logistic identification (colour coding), packaging industries, cable harness manufacturing.

*The LR55 cable ties are reuseable and ideal for colour coding.*

Material Data	
Material	**Polyamide 6.6 (PA66)**
Operating Temperature	**-40 °C to +85 °C Continuous, (+105 °C for 500 h)**
Flammability	**UL94 V2**
