THT male header; 1.4 mm Ø solder pin; straight; clamping collar; Pin spacing

7.5 mm; 4-pole

#### Item description

- Assembly of female connectors without loss of poles, allowing different functions to be divided within one male header
- Coding pins inserted into the header interface prevent mismating, allowing subsequent coding in panel feedthrough applications
- The female connector is fully shrouded by the male header's housing, providing vibration resistance up to 20 g
