Base Plates V70eco, overall dimensions same as pallets DIN 55201

1200.800

Product Description

V70eco base plates are a further development of the established V70 product line, optimized in quality and price.

They are fully compatible with the existing V70 T-slot System.

- Centers to H6 tolerance and slots to H8 tolerance.
- Alignment of the base plate on the machine table by means of centers and/or centering slot.
- Fastening holes on a 100 mm pitch.
- High tensile tool steel.

Available options (delivery time of 10 working days):

- a) Additional fixing holes on a 63 mm pitch.
- b) Additional fixing holes on a 125 mm pitch.
- c) Exterior stop.
- d) With connecting rings for Halder Zero-Point Clamping System.

Materia

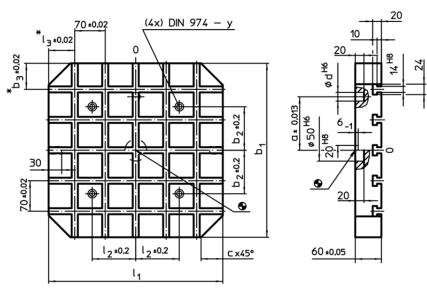

· Tool steel, high-strength

More information

Notes

Special types on request.

Drawing

^{*} These tolerances are valid only for the exterior stop types.
