

## Locating bushing with seal, plain• for lifting pins

22350.1962

## Product Description

Locating bushings are used for quick and safe locating of lifting pins EH 22350. This design is suitable for applications which require installation flush to the surface. Corrosion and abrasion resistant.

## Material

## Bushings

- Stainless steel 1.4542, precipitation-hardened

## O-ring

- NBR

## Spring

- Stainless steel

## Assembly

Ensure safe tolerances and consistent function. Easily incorporable into different materials. Can be used in thin-walled pieces. Bush can be easily installed via optional assembly tool.
